**End:** 4/15/2020 5:30:00 PM  
**Show Time As:** Busy

**Required Attendees:** Chris Grulke; Richard, Ann

Hi both, Please find attached the PFAS report from CAS. Please take a look so we can discuss next week. I do understand that the query that they ran is NOT consistent with the existing substructure definition of a PFAS chemical that is being used but it IS what was available for them to use when the initial list was posted many months ago. Cheers
